

YM SDS TRACTION

GALAXY
MATERIAL HANDLING

TRA: **SOLID**
Speed Rating: **D**

The addition of Galaxy YM SDS(press on band) completes ATG's extensive forklift range of tires. The YM SDS is specially constructed to fulfill requirements of severe duty operations performed in warehouse and shop-floor. Special compound ensures protection against damages while plying on industrial surfaces. The elimination of equipment breakdown caused due to punctures and other damages ensure high productivity and equipment downtime.
