

**ALLIANCE
FORESTRY**

TRA: **R-1W**
 Speed Rating: **A8**

333 Agro-Forestry is a special forestry construction tire suitable for tough Agro Forestry applications. It features steel belted construction ensures increased puncture protection and minimizes penetration damage. Improved forestry compound provides protection from cut & chip resistance. The tire's high NSD & sharp shoulders provide superior traction, even on uneven ground & wet soil conditions. The shoulder ridge provides added rubber on the critical void area, to help resist penetration and ensures a long tire life. The bridge in the tire's centre line add stability and strength to the base of the lugs. Flatter footprint of the tire results into better ground contact thus offering lower soil compaction.
