Alliance 601 Mud & Snow (M+S) tire was developed for use on construction and agro-industrial equipments. The radial tire construction with strong fabric layers protected by steel belts, promises long tire life. The 601 M+S model also ensures high traction as well as efficient self cleaning ability. Its high crown radius provides flat contact area and enables even ground pressure distribution. This tires non directional tread design is suitable for all kinds of surfaces, providing equal traction in both directions of travel.
