EARTHMOVER &  
MINING**

TRA: **G-2/L-2**  
Speed Rating: **A2**

The Galaxy Giraffe XLW features an all-new multi-purpose design making it the ultimate backhoe tire. The Giraffe XLW is engineered using a neutral casing design that reduces stress on the tire thus increasing reliability and tire life. Wide, flat tread design provides exceptional traction. Giraffe XLWs solid center tread blocks provide long wear characteristics and ride comfort while the strong, open shoulder lugs provide excellent off-road traction.

HRC is available for the above size. This size is not active for production.
