

AGRIFLEX+ 377

A HEAVY DUTY PERFORMER FOR HEAVY DUTY TASKS

- Steel Belted for flatter footprint and better performance
- Carries up to 40% more load at the same air pressure
- Transports heavy loads of fertilizers and herbicides in the field while minimizing soil compaction
- Stubble guard compound resists punctures in the field and provides maximum durability
- Reduces downtime and maximizes vehicle productivity

R-1

AGRIFLEX+ 377

The Agriflex+ 377 is the latest addition to Alliance's series of engineered VF tires. It is specifically designed to maximize the performance of spreaders, sprayers, combine harvesters and grain carts. Its ability to carry 40% more load than standard radials at the same pressure makes it better equipped to move heavy fertilizers and herbicides in the field with minimal soil compaction. Its special stubble guard compound ensures excellent durability, reduced downtime and maximum vehicle productivity. All in all, it's features like these that make the Agriflex+ 377 a powerhouse performer.

WHAT MAKES THE AGRIFLEX + 377 SPECIAL?

TREAD DESIGN

Rounded shoulders safeguard the tire from stubble damage and provide protection to the soil

Optimized tread pattern ensures high traction

ROBUST CONSTRUCTION & COMPOUNDING

Strong carcass for excellent durability

Steel belts protect the tire from damage and provide a flatter footprint

Special tread compound safeguards tire against wear

Stubble guard compound provides protection against damage in the field
