

YOHTA LIMITED WARRANTY

This revised limited warranty policy shall apply to tires manufactured or purchased on or after January 1, 2019 (the "Effective Date") and shall only apply to Alliance, Galaxy and Primex tires sold by Yokohama Off-Highway Tires America, Inc.. (YOHTA) in the United States and Canada that conform to all terms and conditions set forth below (an "Eligible Tire"). This Policy applies to the Eligible Products (as described below) that are eligible for warranty in normal service, displaying Adjustable Conditions (as described below) provided that such Eligible Products (as described below) are not excluded from warranty coverage due to any Non-Adjustable Condition (as described below). Tires purchased before 1/1/19 are covered under the previous Alliance and Galaxy/Primex warranties.

ELIGIBLE PRODUCTS

1. Tires that bear the Alliance, Galaxy or Primex name and a serial number; and
2. Tires that are not marked "Non Adjustable" or "Not ADJ" or "NA;" and
3. Tires that are within age limits (see below) for adjustment consideration; and
4. Tires with at least 2/32 of tread remaining; and
5. Tires used in accordance with the recommendations of the vehicle manufacturers and YOHTA's use, maintenance and safety recommendations, in normal service; and
6. Only the original purchaser of the tire is entitled to compensation under this warranty.

ADJUSTABLE CONDITIONS

A tire shall be regarded as being in "Adjustable Condition" only if:

1. Workmanship and Materials Defects
 - That tire becomes unusable due to a condition or conditions under YOHTA's control; and
 - That tire becomes unserviceable or non-repairable per Rubber Manufacturer Association (RMA) standards; and
 - Damage caused to a tire due to normal use of the tire on a vehicle for the purpose intended by the manufacturer of the vehicle for said vehicle and for the purpose intended by YOHTA for the tire.
2. Field Hazard and Stubble Damage (agriculture tires only)
 - A farm tire that becomes unserviceable due to field hazards or stubble damage will be replaced for the original owner on a pro rata basis provided the tire was not used in any manner other than originally specified by YOHTA, or as described below regarding non-adjustable conditions.
 - Tires are excluded from the stubble damage warranty unless made with "Stubble Guard" compound and "Stubble Guard" appears on the sidewall of the tire.
3. Adjustment consideration shall be based on the purchase date of the tire if proof of purchase in the form of a valid invoice exists. If proof of purchase is not available, adjustment consideration will be based on the date of manufacture of the tire which is molded into the sidewall of the tire.

NON-ADJUSTABLE CONDITION (EXAMPLES ONLY)

The following are examples (only) for Non-Adjustable conditions, which shall not entitle the owner of an "Eligible Tire" to any sort of compensation:

1. Damage caused to a tire due to fire, accident, vandalism, mechanical defects, or improper installation/service, or use of improper wheel or rim.

2. Tires that become unserviceable due to abusive driving such as over speeding, driving contests, pulling contests, competitive driving, logging, or any kind of use not in full accordance with the intended use of the vehicle and the recommendations of the vehicle manufacturers and with YOHTA usage and maintenance recommendations for said tire.
3. Damage caused by neglect or by abuse or by mismatching of adjacent tires, misalignment, runflat, improper inflation, improper operation of vehicle, over speeding, over loading, improper repair, insertion of sealant, or petroleum damage, etc.
4. Improper storage, chain damage, excessive heat/cold conditions, alteration of appearance or structure of tire, and the like.
